Presentation

IN THE BEGINNING

Krystal Events was created from a collaboration between two electronic music addicts. Gianni and Guiseppe, who decided to keep underground music alive.

Krystal Events is present in major events like Lake Parade (300'000 p.), Overground Festival, BDRG or other public manifestations. Our Dj's have already performed with some of the famous artists like Richie Hawtin, Marco Carola.

Our Concept

IDEAS AND WISHES

Create an event in globality including graphic conception to artists management. We propose our 2 Krystal Dj's followed by a futur fresh new talent or Guest Star. Events programmation depend of club conditions and booking disponibilties.

Concerned to bring a contribution to the Swiss musical scene, we offer different events that are intended to give priority to quality and newest sounds. The Music discovery is the guideline.

QUALITY AND PLEASURE

Krystal's DJ's are not newcomers in the electronic scene. They already proved a comfortable professionalism, through the quality of their vanguard music.

Max Nero

DEEP MINIMAL

Max Nero was born in Switzerland in 1980. The growing usage of technology with music fascinates him since the very beginning. It's those parameters which made him evolve into the electronic direction. In 1995, he was carried by influences of different kind of styles, like Detroit or the Acid House. Always in a view to an evolution in the music, Max ended up by adopting a powerful and heavy Electro style while passing by soft and complex Minimal.

J-one

DEEP / TECH / MINIMAL

J-one's was born in 1980 in Italy, inspired by the haunting sounds of electronic music. He began as a Dj for private parties, bars and clubs in the french part of Switzerland. He also worked with various regional radio programs as "Groove Lift" and "Inter Club". His passion drove him, in 2006, on the "Krystal Events" concept creation. His career started in 1996 like a groovy and funky house Dj, before discovering minimal vibes.
